The dyad game with scoring takes from 1 to 2 hours, on average, to play. **NOTE:** This Dyad 2 player NO Scoring Guide will help speed up play time and keep the game flowing; because the rules DO NOT include scoring. Players ignore the score-pad and the card scores altogether.

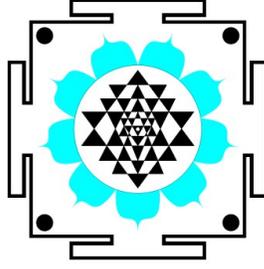

**IMPORTANT: Determine your individual and partnership group ground rules. Never assume anything about your partner. NO means NO - Maybe also means NO. Before setting up the game; state the boundaries for yourself and the partnership. (Examples include: kissing, no kissing, touching in certain areas, no touching in certain areas, penetration, no perpetration, etc.) Have a clear and honest conversation about all the boundaries expressed, write them down if needed. These boundaries become ironclad rules for the gameplay.**

**Safety First:** Both of you must read the Warnings and Disclaimers at the beginning of Sacred Sex Game Instruction Booklet. This Instruction Booklet is included with the game and is available for download at: [sacredsexgame.com/playgame](https://sacredsexgame.com/playgame)
